

# INCLUSIVE+

Inclusive & Practical Assessment Tools for Guidance Practitioners

## 3<sup>rd</sup> PRESS RELEASE

December 2020

“**Inclusive & Practical Assessment Tools for Guidance Practitioners**” (**Inclusive+**) is a transnational Project led by Fundación Coremsa and implemented together with four institutions: Inova Consultancy (United Kingdom), ACE-ES (Romania), Cesie (Italy) and Europersonal (Slovakia). This project was developed with the support of the European Commission, through the Erasmus+ program, Key Action 2 – Strategic Partnerships in the field of Adult Education.

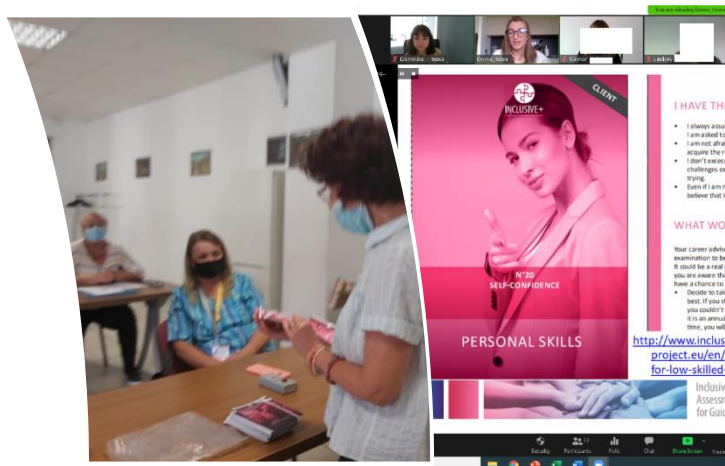

**Inclusive+** has already arrived at the end of its project life. During the last few months, the partnership has been working on how to improve the employability of adults seeking skills development, implementing the different outputs and facing the challenging situation provoked by the Covid-19 pandemic.

During the last year of the project, the consortium has developed the following completed outputs in all languages of the project. All of them are available on our [project website](#).

1. Competence assessment cards for adults seeking skills development
2. Career circles™ – programme training for intermediary professionals
3. Career Circles™ Facilitator guide

Among other activities, the Inclusive+ partnership has organised several multiplier events to present the project results in all partners countries, either face to face or online.

We will be very happy if you could benefit from our project. Please visit the Inclusive+ project website and our Facebook page [@Inclusive+](#) for further information!
